

# 2024 International Conference on Biomedical, Food Science and Home Economics Technology

## [Important Information]

Conference Venue: Rajamangala University of Technology Phra Nakhon, Bangkok, Thailand

Conference Date: December 27-29, 2024

Paper Submission Deadline: December 20, 2024

Registration Deadline: December 20, 2024

Submitted to: CPCI, CNKI

Conference Website: <http://www.icbifs.org/>

## [About BFSHET2024]

2024 International Conference on Biomedical, Food Science and Home Economics Technology will be held on December 27-29, 2024 in Bangkok, Thailand. This conference aims to provide a comprehensive global forum for experts and scholars to share their latest research findings, ideas, and developments in the fields of communication networks and software engineering.

BFSHET2024 invites researchers, engineers, and industry professionals to engage in dynamic discussions and to foster collaborations that will drive advancements in these critical technological domains. The conference will feature keynote speeches, technical sessions, workshops, and poster presentations, creating a rich platform for knowledge exchange and professional networking.

## [Call For Paper]

<b>Biomedical Science</b>	<b>Food Science</b>	<b>Home Economics Technology</b>
Medical Imaging and Diagnostic Technology Bioinformatics and Genomics Cell and Molecular Biology Immunology and Infectious Diseases Biomaterials and Tissue Engineering	Food Quality and Safety Functional Foods and Nutrition Food Processing Technologies and Innovation Food Microbiology and Fermentation Food Packaging and Storage Technologies	Household Management and Service Innovation Home Health and Safety Technologies Home Care and Elderly Support Technologies Family Education and Early Childhood Development

More related topics are welcome to submit.

## [Publication]

All the papers that submitted to BFSHET2024 and accepted by peer review will be published in the conference proceedings, and submitted to CPCI, CNKI.

## [Note]

1. The official language of the conference is English. Please write your paper in English.
2. The number of pages of the paper should be no less than 4. Please modify the format of the paper strictly according to the template format (it is best to replace the original content based on the template).
3. The paper should be original and never published. Plagiarism and multiple submissions are prohibited.

4. The author needs to check the plagiarism of the whole paper (including references) at his own expense through the query system. The plagiarism rate should not exceed 30%;

5. The results will be available within 1-2 weeks after submission. If the review is fast, the results can be available within 7 days. The earlier the submission, the earlier the review and the earlier the acceptance notice.
